## CHB Residency Program

CHB ambitions to host and to foster the creativity of artists of all backgrounds and disciplines. We are a women community and tend to support women and non-binary artists but in an intersectional approach we will study all the projects that aim to fight against discrimination in general.

CHB is a place for community living and positive interaction with nature and each other.

The program is open to both accomplished practitioners and up-and-coming candidates with a high potential for artistic growth. Applicants are evaluated on their practice as well as on the quality and pertinence of a residency project in CHB.

We welcome artists, writers, architects, designers, filmmakers, musicians, and researchers, among many other disciplines, to develop, alone or with collaborators, their own large or small scale projects. Residents may take advantage from all the facilities for work and accommodation, from its 10 hectares of land, pasture, a pond, and an unpolluted fauna and flora.

Our call for applications for 2024 residency program opens on **July 30, 2023**.

Application deadline is **September 20, 2023**

Applicants can apply for 1 week to 1 month residencies within this period:

**April to June 2024**  
**September to November 2024**

**Fee : 20€ / Day**

CHB depends on private funds, we receive no public grant therefore we ask the resident for a participation to the daily costs for their stay.

This fee cover accomodation in a private bedroom with ensuite or shared bathroom, meals, and access to all our facilities.

Depending on the needs outlined by their residency project, residents will be granted exclusive or shared use of additional studio space.

Artists will be asked to showcase their work at the end of the residency.

Travel costs are generally not covered.

CHB will provide assistance when and where possible, but Residents are responsible for obtaining their own visas or other necessary travel and residency documents.

Residents must also make sure they have valid insurance to cover medical assistance and accidents during their stay in France.

Once they are on site, residents will benefit from production services provided by our team.

Please send us a PDF file with the following infos to this adress

**[residences@c-h-b.fr](mailto:residences@c-h-b.fr)**

0. Name, Age, Adress, Email, Phone number
